

Interface RJ45

The EB-IM4-RJ45 series of interface modules provide a transition from popular multi-pin connectors (8-pin RJ45 connectors) to standard terminal blocks.

These modules mount to standard DIN 35mm rail. Boards are equipped with a series of plated through holes to enable the addition of soldered components.

Order No.	1 Channel
*With 1 Plug type RJ45	EB-IM4-RJ45-1
*With 2 Plugs type RJ45	EB-IM4-RJ45-1-2
With 1 Plug type RJ45-Shielded version	EB-IM4-RJ45-1-S
Technical Data	
Number of Poles	8 poles (RJ45)
Max. Voltage	125 VAC
Continuous current	Max.1.5 A
Operating Temperature	-40°C to + 60°C
Wire size of terminals	26-12 AWG
Dimensions LxWxH mm	33 x 92x60mm

* In stock

Also available 2, 3 and 4 Channels with 1 or 2 plugs...please call for availability

Accessories:

Fuse Holders 5x20mm glass fuse	KUDF4 (without ind.)	KUDF4D1 (24V ind.)	KUDF4A2 (120-220VAC ind.)
Ground Blocks	EBT4 (24-10 AWG)		
Din rail-2M	3401/SE (Din 35mm slotted)		
End Anchors	SCUSL (screwless)	SCKN (2 screws)	30370 (all metal)
